10 I am not quite sure if the opening of separate English schools in villages where Kannada middle schools already exist is the best way to bring English Edn within the reach of the villages. Will not there be some saving of energy and money if one school (instead of two) for combined English & Kannada class teaching is organized?

12 I think this is what is being done and also what is now proposed viz, the opening of English classes in Kannada Schools. At any rate that is what is contemplated in the G O of 1907, * under which the DGE now regrets sanction. It is for maintaining English classes that the contribution is given by the villagers and the govt gives the grant. This may however be made certain by enquiry
